PROFESSIONAL ACTIVITIES

1. Teaching of physiological courses to:

- BSc Physiology, Medical Laboratory Sciences, Anatomy and Nursing Science Students.

  200L and 300L pre-clinical medical students

  And M.SC students.

- Examinations of above mentioned students.

2. Supervision of Undergraduate and post graduate seminars and projects

POST GRADUATE STUDENTS SUPERVISION

a) Supervision of M.SC student thesis.

Name:Uwaifoh Akpamu

Title of thesis: The combine effect of testosterone and vitamin C on indomethacin induced peptic ulcer in female sprague Dawley rats.

Year: 2011/2012

Name:Ekhoye lsimenmen

Title of thesis: Effect of Restricted feeding Schedules on circadian Rhythm of plasma corticosterone in Alloxan induced diadetic Rats

Year: 2011/2012

Name: Shelu Jonathan

Title of thesis: Effect of cortisol on hematological parameters and blood glucose.

Year: 2011/2012

Name: Patrick A. Ogarah

Title of thesis: Effect of Soya Beans on testicular parameter on Chichia Rabbit

Year: 2013/2014

Name: Odion Celina Ogbease

Title of thesis:The Relationship between BMI of Normoglycemic Primigravida Women and the birth weight of their Babies.

Name: Oisakede Emmanuel Ojeabuo

Title of thesis: Heamoglobin Levels in Cyesis and its Association with Postpartum heamorrhage in benin city.

Name: Ojesebholo Onomhen Rodney

Title of thesis:Blood Testosterone and Semen Characteristics in Clomiphene Citrate Treated Male Albino Rats.

RESPONSIBILITIES

- Course Adviser 300L 2008-2009
- Course Adviser 400L 2009-2010
- Faculty Time-table Officer 2010-2011
- Member University Time-table Committee 2010-2011
